

TOB 2020 VIRTUAL!

what to do with your video prior to your on-line registration for any TOB 2020 VIRTUAL! event

RECORD YOUR VIDEO – use the recording setting on your device to create your performance video. This must be an mp4 format for uploading.

Every device will be different. Refer to your device user guide and help menu for best results. You may want to experiment with several different settings to create the best possible video/audio quality.

Suggestions:

1. Mount/stabilize device with a stand/tripod
2. Isolate device from people, fans, staff, extra noise
3. Start video with performance, no introduction needed
4. End video with final note/movement, no exit needed
5. Limit video to under 15:00 minutes

HOW TO CREATE A YOUTUBE ACCOUNT - [LINK](#)

NOTE: most bands already have their own youtube account for rehearsal/performance purposes

HOW TO UPLOAD YOUR YOUTUBE VIDEO - [LINK](#)

STEP #1: TITLE: _____ HS 9.1.20
